I am an Assistant Professor in the Health Promotion program at Daemen College. My publications span from physiological studies investigating metabolic and endocrine alterations in exercising women with menstrual cycle disturbances (and the Female Athlete Triad) and behavioral studies investigating motivation to eat in obese children and adults. I have a passion for multidisciplinary projects that ask and answer questions across disciplines. My research interests currently include looking at the relationships between exercise, fitness, food intake and executive function in children and adults. Daniel P. Scheid is Assistant Professor of Theology at Duquesne University in Pittsburgh, Pennsylvania. He received a Ph.D. in Theological Ethics from Boston College, an M.A. in Theology from Catholic Theological Union, and an A.B. in History from Princeton University. A former Fulbright scholar, Dr. Scheid's work focuses on the development of Catholic ecological ethics and on interreligious ecological ethics. He is the author of *The Cosmic Common Good: Religious Grounds for Ecological Ethics*, forthcoming January 2016 by Oxford University Press. Dr. Ryan Patrick McLaughlin is a visiting assistant professor in the Religious Studies Department at Siena College. He received his Ph.D. in theology from Duquesne University, where his research focused on environmental and animal ethics.
