"This is the best introductory philosophy text of its kind. The book's editors do an excellent job of providing commentary and questions. I also find the introductions to be exceptionally clear and very helpful for my students."
—Tracie McHaffey,
Florida State University

"Introduction to Philosophy, Seventh Edition, provides instructors with unparalleled latitude in designing their courses. It also includes important readings by female philosophers, something that is sadly lacking in most other introductory texts."
—Aleksandar Petrovic,
The University of Texas at El Paso

"This is my first choice in introductory anthologies; it's better than the Fairbank/Shafer-Landau. The book has coverage of important topics and positions and a clear and helpful structure."
