

Education and Care in the Early Years: An Irish Perspective. Gill and Macmillan, 2007.

2007. 9780717141968. Josephine Donohoe, Frances Gaynor

â€A much needed book that uniquely brings together policy and practice in early childhood education and care across the United Kingdom and the Republic of Ireland. It offers a wealth of information and useful websites and addresses so that, importantly, readers can keep abreast of the rapidly changing external environment in these countries An essential read for those wishing to understand the background to policy and practice in early childhood education and careâ€ - Linda Miller, The Open University.Â The case studies bring the book to life and ground it in the stories of real children and their families. They highlight how the similarities and differences in support for children and their families are more dependent on where they live than what they needâ€ - Lesley Staggs. This book is an important resource for educators, academicians, researchers, and students seeking current research on the role of intercultural education in society and modern approaches to early education. Topics Covered. The many academic areas covered in this publication include, but are not limited toÂ In the early years of a child, the responsibility of caring Sample PDF.
