Elevating Instruction Day by Day. Leslie Blauman. FOR INFORMATIONÂ These are just a few of the questions that shaped the concept of this book, The Common Core Companion: Booster Lessons, Grades 3-5. I teach fourth grade full time, with more than three decades under my belt, so I come at this book as I have with all my previous books: We teachers have to take care of ourselves first, before we can step into the classroom to teach our kids. It's a bit like the flight attendant's instruction to put on the oxygen mask first, before helping others. Without oxygen, we can't save anyone else. "Taking care" is not the usual diction of professional books, huh?
