Higher Lessons in English: A Work on English Grammar and Composition, in Which the Science of the Language is Made Tributary to the Art of Expression Hardcover "28 January 2009. by Alonzo Reed (Author). See all formats and editions Hide other formats and editions. EVERY one appreciates the value of a correct use of language, and yet the footing of grammar-the only study in our schools that aims to teach this-is very insecure. Children are not enthusiastic in praise of grammar, most parents recall without pleasure their own trials with it, and many men of culture and of wisdom openly advise its banishment from the school-room. But two causes can be assigned for this wide-spread aversion to grammar. There must prevail a belief either that there is another and a better way to effect expression than that along which grammar conducts one, or that the difficulties of higher lessons in English are too great to be worth the trouble. Produced by Karl Hagen and the Online Distributed Proofreading Team. ** Transcriber's Notes ** In which the science of the language is made tributary to the art of expression. By Alonzo Reed, A.M., Formerly instructor in English grammar in the Polytechnic Institute, Brooklyn, and Brainerd Kellogg, LL.D. These books give large space to grammatical etymology, and demand much memorizing of definitions, rules, declensions, and conjugations, and much formal word parsing,--work of which a considerable portion is merely the invention of grammarians, and has little value in determining the pupil's use of language or in developing his reasoning faculties.
