Heinemann Maths Zone for Western Australia : A Middle Years' Approach Workbook. Who The book is designed to be used by a class of students, a couple of friends or an individual working alone. It is particularly useful for students who are not living in an English-speaking country, and so are not exposed to the everyday expressions that are presented and practised in this book. How There are three main ways in which you can use the Heinemann English Wordbuilder in class or on your own: by looking up a particular word or expression in the Index and then working on that particular unit; by finding a unit of interest and working through it systematically; by working through all the units one by one. 1 a dialogue between a psychiatrist and a middle-aged man who is worried about his age and getting old.
