Table of Contents. Knowledge of the terror of Communist rule in various countries has been learned more from books than personal contacts. The terror of these systems appeared to me to be especially poignant for these dictatorships were imposed in the name of liberation from oppression and exploitation. Although those struggles have not brought an end to the ruling dictatorships or occupations, they have exposed the brutal nature of those repressive regimes to the world community and have provided the populations with valuable experience with this form of struggle. 1 The term used in this context was introduced by Robert Helvey.
