Paul Celan is now considered one of the great postwar poets, perhaps the greatest poet to come out of the Holocaust, and the 2nd most influential German poet after Rilke. His most famous poem, "Todesfuge" (Deathfugue) is considered the most important poem on the Holocaust. But beyond all that hyperbolic praise lies a poet who defies easy description, whose poetry is both demanding, difficult, beautiful and lyrical, and who deserves to be read by a wider audience. Paul Celan was born Paul Antschel in Czernovitz, Romania, to a German-speaking Jewish family. His surname was later spelled Ancel, and he eventually

Paul Celan himself was taken to a work camp and it was almost a year later before he learned of the exact fate of his parents. He survived until the Russians forced their way into the country and returned for a while to his home town where he worked as a mental health nurse. Some have suggested that his prose in later years became ever more cryptic and difficult to understand and that he was, in fact, trying to disassemble the German language. This fracturing of the language is more readily seen in his poem Death Fugue which endeavors to capture the full horror of the concentration camps. Paul Celan was one of the most influential poets of the late 20th Century, a man at war with his own language at what it represented at the time. He famously said that a poem was
