Whisnant Title: Modernizing the Mountaineer: People, Power, and Planning in Appalachia Publisher: Appalachian State University Publication Date: 1/10/2017 ISBN: 9781469642192 Trade Paperback (English) Find in WorldCat - Find on Amazon.com. Citation: H-Net Book Channel. New Book - Modernizing the Mountaineer: People, Power, and Planning in Appalachia. The H-Net Book Channel. Since its initial publication a decade ago, Modernizing the Mountaineer has become a classic in Appalachian studies. Now available with a substantial new introduction, the book is a passionate and provocative critique of the enterprises and organizations that have sought to develop the region. David Whisnant focuses upon public and private social and economic development efforts in Appalachia from the close of the nineteenth century through the early 1970s. He explores their diverse origins, their many ways of assessing and relating to the problems and people of the region, and above all the c Appalachian Volunteers (AV) was a non-profit organization engaged in community development projects in central Appalachia that evolved into a controversial community organizing network, with a reputation that went "from self-help to sedition" as its staff developed from "reformers to radicals," in the words of one historian, in the brief period between 1964 and 1970 during the War on Poverty.[1]. 7 in Modernizing the Mountaineer: People, Power, and Planning in Appalachia (New York: Burt Franklin & Company, 1980), pp. 185-219. ISBN 0-89102-195-7. Eloise Salholz with Diane Camper, "The McSurelys' Judgment Day," Newsweek, January 17, 1983, pp. 62-63. Modernizing the mountaineer by David E. Not in Library. Add another edition? Modernizing the mountaineer. First published in 1981. Subjects. Economic policy. Places. Appalachian Region. Classifications. Dewey. 338.974. Edit. Modernizing the mountaineer. people, power, and planning in Appalachia. This edition was published in 1981 by Appalachian Consortium Press in Boone, N.C. (202 Appalachian Street, Boone 28607). Edition Notes. Includes bibliographical references and index. Classifications. Dewey Decimal Cla Appalachian Culture travels. o Appalachian people have experienced a series of disasters and exploitations. o The move to the city comes with the discovery that they have exchanged rural poverty and unemployment for urban poverty and unemployment. o Move to the city has resulted in Appalachian-urban neighborhoods. Returning Appalachian™s. Schooling or learning can drive a mountaineer from their culture and run the risk of making such a student unfit to return to the life he or she came from. (John Campbell, A History of Appalachia. Berea College). 54. o Modernized areas - In Appalachia, a flavor of the culture, but not much different from the rest of America (Knoxville, TN; Greenville, SC; Pittsburgh, PA). o Emerging areas - Hazard, KY; Clarksburg, WV.

ISBN 0-89102-195-7. David Whisnant, Modernizing Mountaineer: People, Power, and Planning in Appalachia When examining the history of CAW and its ability to achieve the establishment of a central office, the creation of a much needed communication network in such a large and diverse area and its ability to educate, one must first study the region, its economic status in the nation, and the stereotypes associated. Years before our presidents openly acknowledged that poverty was a problem for the Appalachia, and throughout the United States, years before Johnson's war cast its shadow over the region, researchers such as John Campbell were waging another type of war, the war against the stereotypes of the region. Class, Status, and Power in Appalachia. As noted above, the subculture model and the regional development model of Appalachian change have both diverted attention away from certain aspects of social structure and politics and redirected attention to issues of cultural and psychological "modernity" -- this, despite the fact that Appalachia was born modern. Nineteenth-century mountaineers were not descendants of a peasant people, but the children and grandchildren of eighteenth century colonists, most of whom had been landless wage-earners from an agricultural and mercantile capitalist country about to enter into the industrial revolution. Previous (Apostolic Succession). Next (Appearance and Reality). The Appalachian Mountains are a vast system of North American mountain ranges. They lie partly in Canada, but mostly in the United States, forming a zone, from 150-500 kilometers (approx. 90 to 300 miles) wide, running 2,400 km (1,500 miles) south and westward from Newfoundland and Labrador in Canada to central Alabama in the United States, with foothills in northeastern Mississippi. The northernmost mainland portion ends at Quebec's

Since its initial publication a decade ago, *Modernizing the Mountaineer* has become a classic in Appalachian studies. Now available with a substantial new introduction, the book is a passionate and provocative critique of the enterprises and organizations that have sought to develop the region. David Whisnant focuses upon public and private social and economic development efforts in Appalachia from the close of the nineteenth century through the early 1970s. He explores their diverse origins, their many ways of assessing and relating to the problems and people of the region, and above all the c Appalachian Volunteers (AV) was a non-profit organization engaged in community development projects in central Appalachia that evolved into a controversial community organizing network, with a reputation that went "from self-help to sedition" as its staff developed from "reformers to radicals," in the words of one historian, in the brief period between 1964 and 1970 during the War on Poverty.[1]. 7 in *Modernizing the Mountaineer: People, Power, and Planning in Appalachia* (New York: Burt Franklin & Company, 1980), pp. 185–219.
