Special education is not only useful for the exceptional children it assists the teacher to know the leaders and their learning difficulties. 5. Special education stimulates the children to participate in different co-curricular activities. This type of involvement provides the children to highlight their leadership qualities and creative urges. 6. Special education tends to refresh the children's intellectual abilities and know the various streams of knowledge, which they find difficult in a normal class situation. 7. Due to facilities including special building features special equipment and
