

Nikon D610: From Snapshots to Great Shots; 9780133846003; Peachpit Press, 2014; Rob Sylvan; 2014; 99998 pages

This group was inspired by Rob Sylvan's book Nikon D610: From Snapshots to Great Shots. It's for people just getting up and See more. Find out how to get great shots in low light. Fully grasp all the concepts and techniques as you go, with assignments at the end of every chapter. With Nikon D3100: From Snapshots to Great Shots, youâ€™ll learn not only what makes a great shot workâ€™youâ€™ll learn how to get that shot using your D3100. And once you've got the shot, show it off!Â Some of the 'Field guides' look good but who can be bothered lugging a book around with them. Nikon D3100: From Snapshots to Great Shots doesn't try to be a technical manual but what it does do is relate the D3100's features to real life use and shows you how to get the best from the camera's many options. The book itself is a very good quality paperback with high res images and it is written in a clear but not condescending style. But donâ€™t worry, Nikon D7100: From Snapshots to Great Shots is not a rehash of the manual. It is a resource to teach photographic concepts using the wonderful technology of the D7100, with instructional photos and insights from my own work as a professional photographer. I have put together a short Q&A to help you get a better understand- ing of just what it is that you can expect from this book. Year: 2014.Â Join the bookâ€™s Flickr group, From Snapshots to Great Shots. exactly how to use the D7100 to take great pictures. With Nikon. John Batdorff is an award-winning landscape and travel photographer who splits his time between Chicago and Montana. Now that youâ€™ve bought the amazing Nikon D750, you need a book that goes beyond a tour of the cameraâ€™s features to show you exactly how to use the camera to take great pictures. With Nikon D750: From Snapshots to Great Shots, you get the perfect blend of photography instruction and camera reference that will take your images to the next level! Beautifully illustrated with large, vibrant photos, this book teaches you how to take control of your photography to get the image you want every time you pick up the camera.
