The Kootenays are more or less defined by the Kootenay Land District, though some variation exists in terms of what areas are or are not a part. The strictest definition of the region is the drainage basin of the lower Kootenay River from its re-entry into Canada near Creston, through to its confluence with the Columbia at Castlegar (illustrated by a, right). Contingent on the above boundaries, the Kootenays are commonly split either into East and West, or East, Central and West. In general use amongst locals of the area, the "East/West" convention is more common as a descriptor of where someone is from or where a town is located (rather than splitting the region into "East/Central/West" subregions). Ghost towns. Indian reserves. Metro areas and agglomerations. These are the stories of more than 50 relics of the West Kootenay. Arrowhead, Beaton, and Needles are among the towns that were drowned. Waneta is a power dam; Jersey City was auctioned. Comaplix died one fiery night; Cody, Three Forks, Poplar, Waterloo, Goldfields, Gerrard, Brooklyn, Cascade and a host of others vanished. Leaning headboards in smothered cemeteries and cow parsnip covering the ruins of homes proclaim that people once lived in these and other communities. West Kootenay Towns. The road less travelled leads to the "Koots"! Sandon BC, early 1900s. The West Kootenay is in the mountainous southeastern region of British Columbia, Canada. Several different mountain ranges – the Selkirks, the Valhallas, the Purcells and the Monashees – tower over the rivers and lakes in the valleys below. The West Kootenay gives you the best of both worlds: the beauty of wild nature all around you and the friendly nature down in its small towns. Check out the surprising variety of shops and restaurants in each community, then go explore Kokanee Glacier or the old growth at Kokanee Creek Provincial Park, fish on Kootenay Lake, or dance in the forest at the Shambhala Music Festival.
