Free delivery for many products! A collection of eight European case studies, this essential guide provides a comparative survey of all the major revolutions in the West over the past 400 years. Product Identifiers. Publisher. Revolutions presents eight European case studies including the English revolution of 1649, the French Revolution and the recent revolutions within the Soviet Union and Eastern Europe (1989-1991) and examines them not only in their specific political, economic and social contexts but also as part of the wider European revolutionary tradition. A chapter on the American Revolution is also included as a revolution which grew out of European expansionism and political culture. Revolutions brings together leading writers on European history, who make a major contribution to the controversial debate Revolutions and the revolutionary tradition by Parker, David, unknown edition See more about this book on Archive.org.
