The First International Conference on Pidgins and Creoles in Melanesia was planned mainly for Tok Pisin, but no predetermined theme(s) had been proposed to the participants. Nevertheless, in this collection of papers several principal themes stand out. One is that of a revived interest in substratology, both for Tok Pisin and for Bislama. Another is what in fact amounts to a change in perspective from universalism, as supposedly competitive with the substratological orientation, towards a generalist approach to typology, which reduces the apparent polarity, from a theoretical point of view.
